Dear Ms. Kreitzman:

Congratulations! You have earned a 6th ASHA Award for Continuing Education (ACE). Your ACE is considered current from January, 2016 until January, 2019. Your successful completion of the ACE requirements is an outstanding accomplishment.

One notification letter is enclosed for you to send to your employer, principal, etc. To recognize your accomplishment, we will communicate that you have earned an ACE award to the state association in the state in which you reside. If you belong to other state associations, we suggest that you use the notification letters to notify those associations of your accomplishment.

ASHA members who have earned a current ACE are eligible for a 10% discount on professional liability insurance offered by Mercer Consumer. For more information, visit their website at <http://www.slhadvisor.com/>

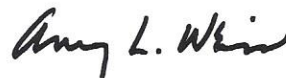

Many people choose to receive an ACE certificate to recognize their accomplishment. The member price for an ACE certificate is \$25. The non-member Certificate Holder price is \$30. Your ACE is valid for a three-year period whether you choose the optional certificate or not. **To receive your ACE certificate, please return the enclosed form postmarked no later than June 7, 2016.** Your certificate is mailed to you directly from the engrosser in eight to ten weeks.

If we can assist you in any way, call the ASHA CE Registry at the National Office 1-301-296-8591. Again, congratulations on receiving your Award for Continuing Education.

Sincerely,

Ellen C. Fagan, Ed.D., Director
Continuing Education

Amy L. Weiss, Ph.D., Chair
ASHA Continuing Education Board
